Each semester the Citizen Lawyer Program (CLP) partners with non-profit and government agencies to create a number of structured law-related volunteer opportunities for students at the University of Iowa College of Law. These Pro Bono Projects provide students with an opportunity to gain experience in a legal setting, develop skills, network with practicing lawyers, explore their interests, and provide public service. These are strictly volunteer positions—students are not compensated (as they would be for summer clerkships) nor do they receive academic credit (as they would for field placements or clinic).

CLP advertises Pro Bono Project openings at the start of each semester. Each Pro Bono Project has a separate description that includes information on the agency, project duties, expected time commitment, scheduling concerns, qualifications, necessary travel, number of positions available, preferences (e.g., multi-semester commitments preferred), and restrictions (e.g., required course/skills or upper-class standing). Students should carefully review project descriptions, available through Symplicity, and then apply to all positions for which they wish to be considered, ranked by preference.

Application materials (Pro Bono Project application form and the student’s resume) are submitted to CLP via Symplicity by the application deadline. CLP then makes assignments based on student applications and available positions. The number of applicants regularly exceeds the number of available positions, so students who indicate an interest in multiple projects have a greater chance of assignment. Students will be notified of assignments approximately a week after the deadline.

Symplicity can be accessed from: http://www.law.uiowa.edu/careers/symplicity Under the “Jobs” tab select “CSM Jobs” and the look for “Fall 2015 Pro Bono Projects.” Citizen Lawyer Program is listed as the employer.

Questions regarding the Pro Bono Project application process should be directed to the Citizen Lawyer Program at law-clp@uiowa.edu.

Applications for Fall 2015 projects are due by midnight on Wednesday, September 2.
